

Maths

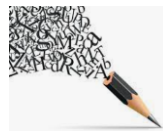

Our maths this term will cover the following units:

- Column addition and column subtraction
- Unit and non-unit fractions
- Right angles and turns
- Parallel and perpendicular lines

We will be continuing with our History of Henham topic – comparing Henham now to what it was like 100 years ago.

We will also be completing a unit on the Stone Age to the Iron Age.

We will look at what life was like during the times of Stone Age and the Iron Age; how life changed from the Stone Age to the Iron Age

Writing

Our writing this term will include:

- Newspaper writing using fairy tales as our stimulus
- Adventure stories using, 'The Stone Age boy'
- Playscripts into drama as part of our work on production and in a short unit in class
- Author study – Anthony Browne
- Picture book – The Window, linked to work on deforestation and rainforests in Summer 2

ART /DT

Our DT unit will be based on 'Being bakers.' We will be:

- Investigating how bread is made
- Looking at the role of bread in a varied, healthy diet
- Bread making in class

Our French unit is, 'Our school'. We will look at key words and phrases children would use around the school in French. They will also learn how to express opinions in French and link this to school learning.

French

Production will be a big part of our school life next term. We will spend Music lessons learning songs; creating actions and developing our stage presence!

OUR TOPICS: Stone Age to the Iron Age

History

SUMMER TERM!

YEAR 3 – 2023

Reading

Our reading books in class will include Stig of the Dump; The Stone Age boy and Anthony Browne books later in the term.

If we could ask that the children read daily at home please and make a note of this in their reading records. Please ensure they bring in their reading wallets on a daily basis as well. Please use the reading questions I sent home before Easter to support your child's reading at home.

PE

Our PE days until 5th July will be Mondays and Wednesdays. We will be swimming on Wednesdays and on Monday we will start with a gymnastics /dance unit before moving on to Rounders.

Science

Science next term will focus on looking at soils and fossils to complete our unit on Rocks.

We will then move on to plants. – identifying different parts of flowers and plants and looking at their functions; exploring what plants need in order to survive and thrive!

Computing: Computing this term will cover coding. We will use Purple mash as our platform for Computing. We will look at what coding is; what an algorithm is and create programmes using their own algorithms.

PSHE: We will be looking at both diversity and communities as well as some sessions on SRE – see separate letter for information about what this will entail.

*As always, if you have any questions or problems please contact myself – at the door or ping me an email.
